Renzzo Gracia Gomez

Full Stack Developer

Hermosillo, Sonora, Mexico · Open to remote work · Spanish (native), English (intermediate–advanced)

renzzo.gomez07@gmail.com · renzzogg.com · github.com/RenzzoGG · platzi.com/p/renzzo.gomez07

SUMMARY

Software Engineering student who thinks end to end. I build fast, polished websites with HTML, CSS, JavaScript, Tailwind CSS and Bootstrap, and app interfaces with React and TypeScript. On the back end, I've built and deployed a REST API in Python with FastAPI and PostgreSQL. I launch what I build myself, with custom domains and HTTPS. Open to freelance projects.

SKILLS

Front-end: HTML5, CSS3 (Grid, Flexbox), Sass, Tailwind CSS, Bootstrap, JavaScript, TypeScript, React, SVG, Responsive Design

Back-end: Python, FastAPI, PostgreSQL, SQL, REST APIs, JWT auth, pytest

Libraries: Chart.js, jsPDF, SheetJS

Design: UI design fundamentals, Design systems

Tools & workflow: Git, GitHub, Linux (WSL)

Deployment: Railway, Cloudflare (DNS, SSL), Custom domains

PROJECTS

Fernwick Platform — Full-stack web app

Quote system for a cleaning business: landing form → FastAPI + PostgreSQL API → React dashboard. Read-only public demo isolated by Row-Level Security; JWT auth; 300+ pytest tests.

React, TypeScript, Tailwind CSS, Python, FastAPI, PostgreSQL · Live: fernwick-admin.renzzogg.com · Landing · Source

Pulse Theory — Landing page

Fitness coach landing on a custom Bootstrap 5 build with an accessible pricing toggle; Lighthouse 97–100.

HTML, Bootstrap, Sass, JavaScript · Live: pulse.renzzogg.com · Source

Inventory & Sales Dashboard — Web app

Inventory and sales dashboard with a hand-built SVG revenue chart, PDF/Excel export and mobile layout.

HTML, CSS, JavaScript, SVG, jsPDF, SheetJS · Live: inventory.renzzogg.com · Source

UIFlow Admin Dashboard — Web app

Admin dashboard with range-filtered analytics, a searchable, sortable table, dark mode and mobile layout.

HTML, CSS, JavaScript, Chart.js · Live: uiflow.renzzogg.com/dashboard.html · Source

UIFlow Landing Page — Landing page

Landing page for a fictional dashboard tool with an accessible mobile menu and FAQ, and a self-hosted font.

HTML, CSS, JavaScript · Live: uiflow.renzzogg.com · Source

EDUCATION

Software Engineering — Universidad Tecnológica de Hermosillo — 4th term · in progress
